September 9, 2017

Dear Friends and MAYC Supporters,

Today September 9th is a very special day because it would have been the late Lee Jessup's 67th birthday.

I do not have to tell you what a wonderful, caring, and generous human being this man was for those of you who were well acquainted with him. I have personally only known Lee for a very short time but his genuine heart and kind personality was apparent from the start! His love for the Mahomet-Seymour community and the kids within the community was demonstrated not only from his career as Principal of Lincoln Trail Elementary but also from the countless hours he'd spend volunteering for various organizations throughout the years.

Amongst all the organizations he served I believe that the Mahomet Area Youth Club (MAYC) held an extra special place in his heart. Before his passing, Lee was serving as the founding President of the newly formed MAYC Foundation Board. The MAYC Foundation was established to solely develop long term and permanent funding that can support the Mahomet Area Youth Club (MAYC) on a regular basis as well as establish sustainability funding for MAYC. Lee was ecstatic on the formation of the MAYC Foundation and insistent that he be the first person to write a check to the MAYC Foundation!

On this day I encourage you if you feel led to donate in Lee's honor to the MAYC Foundation. Your gift of any amount I know will be well received and is the greatest birthday gift that can be given to Lee in his memory. On behalf of the entire Board of Directors, I thank you wholeheartedly for your consideration and I know that your generous donation would render a huge smile from Lee from Heaven above.

Sincerely,

Ashley Quach
Vice President
THE MAYC FOUNDATION

MAYC Foundation is a 501c3. Your donation is tax deductible as allowable by law.
